

Lead Design Strategist

Location: Munich or Vienna

Start date: as of now

ABOUT N+P DESIGN

We are a strategic design agency based in Munich and Vienna, focusing on product, digital and service design. Operating globally, we design high-tech products and experiences for public transportation, long-lasting capital goods, high-end consumer products and medical equipment. Our goal is to constantly question established norms, develop new concepts and shape sustainable and extraordinary visions for the future.

WHAT WE OFFER

- Exciting and diverse projects in a globally operating and growing design studio
- A broad spectrum of industries: mobility, industry, health and home
- Open communication, flat hierarchies and a passionate, interdisciplinary team
- Possibility for hybrid-working
- Active role in shaping the team and future of the agency
- Plenty of responsibility and the chance to shape your career
- Great team-spirit, events and spontaneous after-work gatherings

TASKS

- We are looking for a passionate and experienced strategic product and brand designers who will work closely with our team and clients to develop exceptional product, digital and service solutions. What you should bring:
 - Lead our Strategy Design team and practice; create and maintain motivation, addressing team performance, and growth.
 - Shape and define the vision of N+P together with the leading roles within our team.
 - Drive our industrial design expertise and quality, services that meet business and user goals.
 - Lead design activities across the teams, ensuring design quality, timeliness of project deliverables, and prioritizing work/resources while guiding and mentoring team members.
 - You deeply understand the industrial design and product development market, processes and methodologies. You speak to clients and within the industry about our services, capabilities and craft proposals fluently and convincingly.
 - Manage client communication as well as organize

and moderate workshops and presentations in close collaboration with clients.

- You will participate in internal planning and sales strategy meetings

YOUR PROFILE

- You are an experienced industrial designer with min. 7 years experience, a leader with demonstrable experience in defining and implementing industrial design and innovation projects for companies across different industries.
- You are experienced leading a creative team of 2-8 team members and are an outgoing, positive, and motivated team player.
- You are fluent in German and English, written and spoken.
- Experienced with project work on a broad variety of fields and industries, from transportation- to business- to consumer and medical-products.
- You are a person with an analytical mindset and organizational skills, one who can seamlessly move between big picture and minute details.
- Experienced working with senior-level and C-level clients.
- Experienced and skilled to communicate project and communication goals with clients while being able to manage quality, time and budget for multiple projects.
- You are a self-motivated, excellent communicator and open minded. Someone with a “here-to-help” attitude and the ability to thrive in multidisciplinary teams, and the skills to balance great results with short deadlines.
